**The birth and growth of Christian Contemporary Music**

What often happens in our lives is we start out with a deep, real \_\_\_\_\_ for God then as life hits us we often fade

If you find yourself in the \_\_\_\_\_, let today be a call back to desperately pursuing God

**From Darkness To Light**

The deeper people get into the things of the \_\_\_\_\_, looking for meaning the more empty they feel

As our world circles the drain and people get involved in crazier and crazier things they still have that inner call in their life that only God can fill and that's when people need to hear about \_\_\_\_\_

**We all started out desperate for God**

When things are dark like they are today, that's when light \_\_\_\_\_

Is it possible that we are on the verge of another \_\_\_\_\_?

God is calling us to pray for and get ready for another \_\_\_\_\_ in our generation.

### **WHAT STARTS PURE IF WE AREN'T CAREFUL CAN DRIFT**

We begin our \_\_\_\_\_ lives so simple, so life giving just loving Jesus and loving people and then life happens and now you find yourself empty and far away from God and every time you do, it puts you in a desperate place once again.

The hope is you will respond to that desperation in the \_\_\_\_\_.

### **RESULT OF THE DRIFT**

Any one of our lives can fall apart when \_\_\_\_\_ is not at the center.

Jesus can't just be one amongst \_\_\_\_\_ in our life.

**COME BACK TO THE HEART OF WORSHIP, TODAY!**
